WEEK OF AUG. 13

The Cape Playhouse has many problems to meet, many obstacles to overcome, but it believes that it can *earn* the faith, the respect, and the support of the people of Cape Cod. It believes that it has a place in the American Theatre. It aspires to be of service to many artist-workers, and to be a source of inspiration and recreation to the public. It hopes to work always from a sound financial basis, to be intelligently managed, to be sane in its membership. It has been built upon the faith and enthusiasm and energy of a few, and financed largely through the advance sale of season tickets. It has accepted no gratuities and no subsidies. It has a tremendous faith that the public will pay gladly for what is good in the Theatre. It plans to meet the expressed faith of its patron subscribers through this season's series of fine plays well done,—and to meet this faith through many seasons to come.

It has no policy, and no artistic creed; rather it has a deep hope of attracting artist-workers and public alike with an instinct for fine things; and here together, through gropings and blunders perhaps, bring these fine things to a true fruition.

COOK IN COOL COMFORT

Your kitchen will be much cooler these hot summer days if you cook electrically. Electric heat is concentrated on the bottom of the utensils where it is needed for cooking. Even when the hot plates are on full heat the rest of the stove is cool.

Electric cookery is cleaner--there is no smoke, no soot, no dirt. Cooking utensils, walls, ceiling and curtains are easier to keep clean. Our special rates will enable you to cook economically.
